WEBINAR DETAILS

Please join us for a webinar focusing on the importance of Sepsis detection. Sepsis is a global healthcare crisis, affecting more than 30 million people worldwide every year¹ and increasing at a rate of 1.5% annually.² This serious condition affects not just patients and their loved ones, but the healthcare system at large.³

WHAT YOU WILL LEARN

- The costly healthcare burden of sepsis
- Physiology of sepsis and the challenges to rapidly diagnose
- New ways the laboratory aids in the diagnosis and management of sepsis

ABOUT THE SPEAKERS

Dr. Thomas K. Bane PhD, PPM
Beckman Coulter
Scientific Affairs Director

Dr. Michael Benham, M.D.
Co-Chair Sepsis Best Practice Team
Department of Emergency Medicine
Baylor Scott & White Medical Ctr - Temple
Texas A&M College of Medicine – Clinical Professor (Affiliated)
